20

21 **Introduction**

22

23 The purpose of this document is to give instructions on which operations shall be conducted as well as
24 which operations are prioritised during the operational year of 2025/2026 for Jönköping Student
25 Union (JSU) and is established by the Annual General Meeting. The board has the right to interpret the
26 goals if there are any uncertainties.

27

28 The JSU Board is tasked with actualising the Plan of Operations and is responsible for delegating *who* in
29 the organisation shall carry out the recurring activities as well as the goals, and in some cases *how*. Other
30 documents may give the JSU board information on who shall carry out the goals and shall consider these
31 when delegating.

32

33 The Plan of Operations must be adapted to the current circumstance affecting JSU, such as political climate
34 both locally and nationally, other steering frameworks, budget, and other resources available.

35

36 **What is the Plan of operation based on?**

37

38 The Plan of Operations has its base in the purpose statement of JSU as written in the By-laws and is
39 for clarity's sake included in this document with an elaboration on what the purpose means. Each
40 area's purpose, recurring activity, and goal shall in some way contribute to the overall purpose.

41

42 **Purpose**

43

44 "The student union's purpose is to work towards and create conditions for students studying at JU
45 where they are included, supported, and safe in their student life. "

46

47 *Included*

48 Stands for:

- 49 - that all students shall be included in the development of 1) their education and 2) conditions
50 impacting the education.
51 - that all students shall feel that they are a part of the student community and have meaningful
52 leisure time, whether this means finding new friends, just having fun or developing skills for
53 the future.

54 *Supported*

55 Stands for:

- 56 - that all students shall know and feel that the student union has their back when it comes to
57 voicing their opinions as well as supporting them in their issues related to education.

58 *Safe*

59 Stands for:

- 60 - that no student shall be afraid of reprisals when they voice their opinion.
- 61 - that the study environment, as well as the social environment, is a place where every student
- 62 can participate without being discriminated, bullied, or harassed in any way.

63 **Basic Principles**

64 JSU's operations are based on one basic principle which is that the union is run by students, for
65 students. This means that what can be done by students, either volunteer or remunerated, should be
66 done by students. It also means that each student must take one's responsibility and contribute to the
67 student life if there is to be one; whether that means answering a course survey, being part of a study
68 social group, being a part of one of the boards or apply for one of the remunerated positions.
69 Collaboration among students, faculty, administration, and external partners is a fundamental
70 principle of the Student Union, fostering inclusive decision-making, resource-sharing, and the
71 collective advancement of student interests.

72 Sustainability is a central matter for the Student Union. JSU places an equal importance on the three
73 aspects of sustainability and therefore works for a more economically, socially, and environmentally
74 sustainable organisation.

75

76 **The structure of this document**

77 The Plan of Operations consists of 10 chapters and each chapter can be divided into three different
78 categories. The Plan of operations shall describe *what* operations shall be conducted during the
79 operational year and to the largest extent possible, leave flexibility on *how* and *who* shall ensure that
80 the goals are reached.

81

82 **Purpose of the individual areas**

83 Each chapter has a section that describes the purpose of the area.

84

85 **Recurring**

86 Each chapter has a list of recurring activities which has the purpose of giving the members insight into
87 the operations performed which are conducted continuously throughout a year and which are
88 conducted to uphold the organisation in its current form.

89

90 **Goals/Focus areas**

91 Each chapter then describes the specific goals or focus areas that the organisation shall work for or
92 focus on during the year. This part is divided into primary and secondary goals/focus areas and this
93 division communicates which goals/focus areas shall be prioritised during the year. Not every chapter
94 has secondary goals/focus areas. The aim is to achieve the goals within the year and might be
95 completed at different points during the year. However, some points under this category cannot be

96 achieved within one year and as JSU, like any organisation, has limited resources, there is a need to
97 choose which areas to focus on and the same goal might be kept for another year. This situation is
98 mostly applicable to the student questions (chapters 1-5).
